CAPITALIZATION

The following table shows our cash, cash equivalents and investments and capitalization as of September 30, 2007:

- on an actual basis; and
- on an As Adjusted basis to reflect the consummation of our Mandatory Convertible Preferred Stock Offering and our Common Stock Offering (resulting in net proceeds of approximately \$2.9 billion in total), and the application of such proceeds to physical settlement of our equity forward contract(s) with any remaining proceeds used for general corporate purposes. As of September 30, 2007 approximately \$2.5 billion was required to repurchase 48,150,819 common shares deliverable to us under the equity forward contracts. As of December 24, 2007 approximately \$2.0 billion was required to repurchase 44,039,890 common shares deliverable to us under the equity forward contract. The difference in the amount required to settle the contracts and the shares deliverable to us between these two dates relates to (1) cash used to buy down the strike levels of the contracts between September 30, 2007 and December 24, 2007 and (2) the physical settlement of certain contracts between September 30, 2007 and December 24, 2007 which resulted in the Company using \$0.5 billion of cash during this period. The As Adjusted presentation below reflects the application of the \$2.5 billion required to repurchase the 48,150,819 shares outstanding as of September 30, 2007. Approximately \$2.0 billion of the amount required will be used from the net proceeds of the Mandatory Convertible Preferred Stock Offering and the Common Stock Offering, and the remaining \$0.5 billion has already been used with the Company's on balance sheet cash balances.

This table is unaudited and should be read in conjunction with the preliminary prospectus supplement dated December 26, 2007 relating to the Common Stock Offering, including the documents incorporated by reference in the Common Stock preliminary prospectus supplement and the Common Stock base prospectus dated December 20, 2007 and the preliminary prospectus supplement dated December 26, 2007 relating to the Mandatory Convertible Preferred Stock Offering, including the documents incorporated by reference in the Mandatory Convertible Preferred Stock, Series C preliminary prospectus supplement and the Debt Securities, Common Stock, Preferred Stock, and Warrants base prospectus dated December 21, 2005, and our consolidated financial statements and the notes thereto, which are included elsewhere or incorporated by reference herein.
